SUMMARY

Passionate Computer Science Engineering student interested in Web Development and Full Stack Development, with strong problem-solving and learning skills. Skilled in HTML, CSS, JavaScript, SQL, Java, C++, and Python, with a strong willingness to learn new technologies. Currently learning Full Stack Development. Developed a mini project based on an offline gamified learning platform. Looking for an internship opportunity to gain real-world experience and contribute to meaningful projects.

SKILLS

HTML | CSS | JavaScript | React.js | Node.js |
Express.js | SQL | MySQL | Java | C++ | Python | Git |
GitHub | Responsive Web Design | UI/UX Basics |
Communication | Problem Solving | Team
Collaboration | Time Management | Adaptability |
Quick Learning

LANGUAGES

English | Tamil | Malayalam

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

Hindusthan Institute of Technology | 2024 – 2028 | Coimbatore

Higher Secondary Education

Sri Avinashilingam Higher Secondary School for Girls | 2024 | Coimbatore

PROJECTS

OFFLINE GAMIFIED LEARNING PLATFORM

- The platform allows students to attend quizzes even in offline mode using browser storage, helping them continue learning without internet connectivity.
- The quiz system includes timers, XP points, streak bonuses, and level-unlocking features to make learning more interactive and enjoyable for students.
- The application uses Node.js, Express, and MongoDB to handle user login, question management, score saving, and progress tracking.
- The frontend is built with HTML, CSS, and JavaScript, providing a simple, fast, and responsive interface for students, teachers, and administrators.
- **Technology Stack:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
